

This herbaceous perennial grows 2'-3' tall.

Seedheads are on erect spikes, with long hairy awns. Seedheads change appearance dramatically over time, eventually shattering and leaving partial seedheads.

Leaves are flat and fairly wide; and smooth to somewhat hairy.

PNW Native Plant  
PPNC: 362

### Meadow Barley

*Hordeum brachyantherum*

Tree
Shrub
Ground cover
Forbs/ Grass
Forest
Prairie Meadow
Wetland Riparian
