

General: Annual, biennial or short-lived perennial; up to 5' long stems

Photo by Heidi Bohan

Flower: Small yellow, 1/4"-1/2" round clover-like clusters

Form: Weakly branched and spreading

Management Strategies

- Taproot: Remove all fragments
- Primary spread: Seed

Check with parks department or school district for proper disposal.

WPGS: 204

Black Medick
Medicago lupulina
 A Non-native Plant
