

General: Annual; 12"-24" tall

Tendril

Flowers: Pink pea-shaped followed by flat pea-like pods

Form: Weakly upright and vining

Seedpod

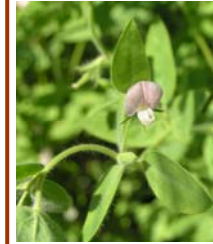

Photo by Heidi Bohren

New growth

Native Look-alike

Spanish clover, *Lotus purshiana*, has a similar form, with a pea-like flower and seed but the flower is light pink, and the leaves have three leaflets and no tendrils.

Management Strategies

- Always remove
- Fibrous roots: remove major
- Primary spread: Seed

Check with parks department or school district for proper disposal.

Common and Hairy Vetch
Vicia species

A Non-native Plant

WPGS: 210
